

# About Your PowerPose Photo Session

Our photographer will be setting up a mini-studio on location for the photo shoot on Saturday AM. It will be important that you be ready to go at your designated time, since we have to keep this on schedule. You have a maximum of 10 minutes to complete your shoot and return to the workshop.

Your royalty-free photos will be delivered to you in digital form after the workshop. Our photographer will be using a backdrop and professional lighting so these will be top-notch. Your PowerPose package includes five photos! Please select your five from these poses. If you have a simple prop you'd like to bring, you can use that too as one.

**PLEASE CHECK-OFF THE FIVE POSES YOU WOULD LIKE TO HAVE TAKEN AND BRING THIS WITH YOU TO THE WORKSHOP!**
